Please note: A 15% discount will be applied if 5 or more workshops are booked for the same day at the same venue. 0.45p per mile will be added for face-to-face sessions. RSE workshop content and activities	<p>£50 per workshop content and activities. You can buy one of our RSE workshops i.e., content and activities, to deliver yourself. Each workshop is designed so that it can be delivered to any year group (Year groups 7 -13). You will have materials to deliver the topic to all year groups; you just need to select the relevant age-appropriate content and activities (basic, intermediate, advanced). You don't need to buy different workshops for different year groups for the same topic.</p>
RSE talk/presentation	<p>£60 per 30-minutes. We can deliver a talk/presentation on most of our RSE topics, but some topics are workshop only. Talks are generally 60 minutes. The organizer must recognize that talks do not allow for the same level of interaction, questioning and myth busting for participants as a workshop. Talks/presentations can be delivered online or face to face. For out of county face to face talks we can only accept bookings where 3 or more talks are booked for the same half day. 0.45p per mile will be added for face-to-face sessions.</p>

Consultancy	<p>£75 per half hour or £130 per hour (a maximum of 4 people in each session) Our consultancy sessions provide advice and support to professionals and parents. Sessions aim to help you feel better equipped and informed to facilitate confident and meaningful discussions with your students, service users or children. Consultancy sessions are not training sessions; they are informal and relaxed, and led by you. You will have the opportunity to ask any questions and raise concerns around topics such as relationships and sex education, sexual behaviours, sexual health, sexuality and gender identity. These sessions will benefit you and the people you support. They will give you the confidence to have open conversations knowing you have the knowledge and without feeling concerned about using the right language or giving the wrong advice. The people you support will benefit by being able to talk to a professional they already know, or to their parent; this may mean that there is no need for the young person or adult to be referred on to another service. Consultancy sessions can be online or face to face. 0.45p per mile will be added for face-to-face sessions.</p>
